NATIONAL CHEESE WEEK

Although one of the most versatile of foods, Canadians know little about cheese, and on the average use little. Cheese is produced in this country in many different sizes, shapes colors and combinations. It is one of our chief food exports, yet the average Canadian uses only about four pounds a year as compared with an average of nearly ten pounds in other lands. In Britain, Canadian cheese has been a favorite for almost a century and is highly regarded there. There is quite a demand for our cheese in the U.S.A., and this business is growing. In Canada, the source of this high quality product, consumption is just about as low as anywhere in the world.

This week November 7th to 12th, has been declared National Cheese Week. During this time, Canadians will hear more about this nutritious food. The hope is that not only will more Canadians sample our cheese and prepare more cheese dishes, but that this wholesome product will be offered as a Canadian food to our visitors.

TREES FOR FARMS

Every year thousands of trees are distributed to farmers in the prairie provinces by the Dominion Forest Nursery Station at Indian Head, Saskatchewan. These trees are supplied free of charge providing the land on which they are planted has been summerfallowed the preceding year.

Trees which are available for only the cost of the freight are: caragana, ash, elm, Manitoba maple, poplar and willow. There is a nominal charge for each of the following evergreens: white spruce, Colorado spruce and Scots pine.

As the supply of all of these trees is somewhat limited, farmers who wish trees next spring are advised to make application this fall. Write to the Dominion Forest Nursery Station, Indian Head, Saskatchewan, for further information.

SASKATCHEWAN

The province of Saskatchewan has an occupied farm area of 59.4 million acres. This is about one half the occupied farm land in the prairie provinces, and about one third in the Dominion. In 1946 when the last prairie census was taken the improved area amounted to 35.6 million acres, or about forty per cent of the improved area in Canada.

Saskatchewan has a total of 110,000 farms averaging 473 acres each, with 330 acres of that in crop land. Numerically the half section farm is the common size in the province.

PRICE OF OIL

There is hope for a reduction in the price of oil in Alberta in the next two years. This forecast is made by Frank Prendergast, assistant to the President of the Imperial Oil Company, in an address delivered at Denver Colorado. He stated that price reductions made last year into the prairie consumers' annual bill for oil cut fuel prices by some \$9 million. He did not say, however, how much the increase in oil prices last month added to the bill.

We have yet to hear from the staunch advocates of the law of supply and demand as to their opinion on the price of oil in Western Canada. Alberta has over a thousand oil wells in production and can flood the country with oil but the price remains stable.—The Budget.

THE BATTLE OF DEMOCRACY

"IT'S MY BELIEF THAT the battle for democracy in this country will be won or lost in our small towns. As I see it, at no time in our history has there been so great a challenge to our freedom as today, and I think this freedom can best be preserved by a hard-hitting democracy functioning effectively at the local level."—Billy Rose.

...well
practically unanimous

YOU CAN still find people who "don't believe in banks" ... who keep their cash in old coffee pots, or hide it in the woodpile, or carry it around.

But most folk nowadays keep their money in bank accounts. They can get it whenever they want it; and they can pay their bills by cheque. Canadians have more than seven million such deposit accounts. In terms of Canada's adult population, that makes it practically unanimous.

The banks, in turn, know they must earn this confidence by giving you the best service they know how.

Today you can take your account to any bank you choose. And what is in your bank book is strictly between you and your bank. It is your own private business.

BUY AT HOME—YOU'LL NEVER REGRET IT

With the annual shopping carnival now on in Town, and which continues until Saturday, November 12, the merchants of Didsbury are offering many bargains to the people of town and district and the advertisers are inviting one and all to come to town and save money. Not only are the business men appealing to residents with money-saving values, but they feel that the residents of town and district to a certain extent should patronize the centre where they receive their many comforts and benefits which a town provides, such as recreational facilities, schools, churches, as well as the many conveniences which each individual business provides for the urban and rural citizens. After all, what makes a good town is good places of business, and this is only possible if patronage is large enough to warrant expansion and the carrying of larger stocks and equipment to supply added services.

Didsbury is fortunate at the present time in having modern, well-stocked stores providing a great variety of merchandise, as well as other first class business places providing services which few small towns can equal, and as long as the people patronize these business places the services will be added too, and the stocks will be enlarged to meet requirements.

While the business man in a farming community is dependent on the farmer for trade, the farmer to a large extent is dependent on the business man for services and goods. If we all spend our money where we make it, everyone eventually benefits. If we send our money out of town at every opportunity no one benefits locally.

It takes a lot of money to keep up a town and provide entertainment, goods and services, and everyone can show their appreciation by buying locally, and at the same time assure themselves that their home town will continue to provide the necessities of life, and enlarge on its services at time advances.

So we say in all sincerity—Buy at Home—and more particularly right now when business men in town are offering bargains that are the equal of any in the province.

LONDON BRIDGE IS OPENED

A bridge over which thousands of Londoners have walked, has opened recently at Kafue, Northern Rhodesia. It is the emergency bridge which linked the south bank of London's Thames River, near County Hall, to Victoria Embankment. The bridge is the gift of the Left Trustees on whose behalf it was handed over to the government of Northern Rhodesia by Sir Alfred Beit.

F.A. TEAM TO TOUR CANADA NEXT YEAR

The Football Association is to send a team to play ten matches in Canada next year. They will leave for Canada soon after the end of the season in England, around the end of April, 1950, and will probably return somewhere about the beginning of July. The team's itinerary and final details will be discussed when the Director of the Canadian Football Association visits England some time in November.

"LITTLE CANADA" IS TOWN'S TRIBUTE

To perpetuate the link made during the war between Bexhill, Sussex, and Canadian troops billeted there, Bexhill Council have given Canadian names to roads on a housing estate in the town's northern suburb. Names chosen are Canada Way, St. Lawrence Road, Edmonton Road and Calgary Road.

A PORTABLE ATOMIC PLANT

Tests are starting in Britain on a portable atomic plant. It has been produced by British scientists after three years of experiments, and is designed for use in hospitals, medical centres and health research units. The first of its kind in the world, it has been described as a miniature atomic pile. The equipment is easily transported since it weighs barely two cwt. It produces isotopes by using uranium in a form of pure oxide. There is no danger of radiation since its range is limited and nullified by adequate safeguards.

"PLUS POWER" ENGINE BIG FEATURE OF 1950 HILLMAN

TORONTO: Claiming that the experience gained in Canada over the past two years has been used in the creation of its new models, Rootes Motors Limited announce a larger engine as a feature of the new Hillman Minx which goes on display across Canada this week.

The "Plus Power" engine has been enlarged to an internal capacity of 77.20 cubic inches, 42 brake horsepower is developed at 4200 revolutions per minute.

This new Hillman engine considerably increases pulling power, get-away, cruising speeds and hill-climbing ability; it also means less gear changing. According to J.T. Panks, head of the office in Toronto, the new engine uses no more gas than its predecessor which, under normal driving conditions across country averaged close to 35 miles per gallon. Other features of the 1950 Hillman Minx include: Restyle interior for more head and leg room and an advanced designed cooling system for more rapid warming up.

MARGARINE

Right Honourable J.G. Gardiner stated in the House of Commons recently:

"I was just telling someone across the floor tonight that I had something to do with a massive Great Dane dog that was fond of butter. His mistress gave him bread with butter spread thickly on it; but being Scotch, she came to the conclusion that there was no use spending so much money, so she went and got a pound of oleomargarine and spread the bread with it. The dog sniffed at it, put his tail between his legs and went and lay down in a corner as far away as he could get from it. In other words, if individuals do not know the difference between butter and oleomargarine, dogs do."

FLYING MAIL VAN

The first night delivery of mail by helicopter in Britain began recently on the initial flight when bags of mail were flown directly from the Midlands to the North covering a distance of 100 miles in 45 minutes. This compares with the usual three hour train journey and allows much later clearance of postboxes for delivery next morning. The flying night mail van will in future supplement the daytime services.

Lithium is the lightest metal known. A cubic foot of it would weigh only 33 pounds.

GOVERNMENT OF THE PROVINCE OF ALBERTA

Announces The First Annual

MASTER FARM FAMILY AWARDS

FOR 1949 TO THE FOLLOWING

JOSEPH G. DUSSEAU FAMILY VIMY, ALBERTA	WILFRED J. EDGAR FAMILY INNISFAIR, ALBERTA
LALOVEE R. JENSEN FAMILY MAGRATH, ALBERTA	JACOB F. MELENKA FAMILY WARWICK, ALBERTA
JOSEPH L. PAQUETTE FAMILY DONNELLY, ALBERTA	

The Master Farm Family Award is recognized by
an award of \$1,000.00, an engraved plaque and a
name plate for the farm entrance.

The purpose of the Master Farm Family program is to find
and honor those who have achieved notable progress in farming,
home-making and citizenship and who, by their example,
are encouraging interest in farming as a way of life. The
Department of Agriculture is indeed proud and gratified with
the high standard of attainment among the farm citizens of
Alberta as revealed by the Master Farm Family program.

DISTRICT NEWS

NOTES FROM THE EAST

The following people visited at the Fred Metz home on Sunday afternoon: Mrs. Phyllis Dunphy and daughter Sandy, Mr. David Johnson, Mr. Layton, Mr. and Mrs. Roy Milne and little daughter, Mr. Roy Dowell, Mr. and Mrs. P. Schumaker and two girls.

Mr. and Mrs. Robert Eckel and Mr. and Mrs. Howard Charlton attended the Barbara Ann ice carnival in Calgary last week.

Mr. and Mrs. Roy Milne and daughter Ruby, Mrs. Dowell and Evelyn, Albert Milne, and Mr. J. D. Thomas were Calgary visitors last Thursday.

Mr. Fred Metz auctioned off the boxes at the Sunnyslope social, the proceeds going for a radio for the school.

Mr. Pat Spragg chaperoned Mrs. Patterson and son Eddie to Calgary where Mrs. Patterson is having an eye operation. She will stay with Mrs. Joe Clark while in the city.

Mr. Fred Metz drove Miss Mildred Swanson to the Brander home for a visit on Thursday evening while Mr. McLean and Mr. Metz attended the Oddfellows lodge

meeting in Sunnyslope.

Mr. C.U. Neufeld and family took in the ice carnival on Saturday and enjoyed the Barbara Ann Scott performance.

Harold Shells is away on a hunting trip in the west country and Leslie Schumaker is doing the chores for him.

Visitors at the home of Mr. and Mrs. Alfie Thompson on Sunday were Mr. and Mrs. Macdonald and family, and Mrs. Luce Thompson, of Calgary, and Mr. and Mrs. Harold Thompson and Mr. Elwood Topley.

Mr. and Mrs. Nelson McLean are spending a few days at Rockyford visiting with Annette Shells.

Floyd Ahlgrim and Bruce Shells have returned from their hunting trip.

Mr. and Mrs. Joe Hunter and family visited Sunday evening at the Schumaker home.

Ladies, don't forget the W.I. meeting which is to be held at the home of Mrs. Ruth Eckel this Saturday.

Mr. and Mrs. Schumaker, Gloria and Joyce, and Mr. George Long visited last Monday with Mrs. D.B. Wood.

Mrs. Billy Coates of Olds has

been under the weather and her many friends in the district hope that she will soon be on the mend. Don't forget the dance at the Lone Pine hall on Friday, November 11th.

Mr. Albert Milne won the first prize at the South hall on Friday, and Mr. Harry Morasch won the second prize.

The Jutland Beef Calf Club is sponsoring a free evening of films which will be shown by Mr. Arnold and Mr. Hugh McPhail in the Lone Pine hall on Thursday, November 17th, at 8 p.m. Every-one Welcome.

BERGEN NEWS NOTES

The regular meeting of the Home and School Association was held at the school on Wednesday, Nov. 2, with an excellent attendance. Plans were made for raising money for the school Christmas Tree. Mr. Harder, the local teacher, gave an interesting demonstration on modern teaching methods. The meeting closed with singing of God Save the King.

The Bergen Ladies' Aid met on Monday, October 31, at the home of Mrs. Rose Ellis. Plans were made for the annual sale to be held in the Bergen school on November 18.

Mr. Norman Cook, M.L.A., will be the auctioneer and a free lunch will be served following the sale.

The next regular meeting will be held at the home of Mrs. Nel Tedford.

The Women's Sewing Circle met at the home of Mrs. N. Scott and following the meeting there was a baby shower for little Miss Scott.

Mrs. Gordon Scott thanked the ladies for the gifts, and a delicious lunch was enjoyed by all.

Leonard Meckelburg has purchased a new baby Austin.

Mr. and Mrs. Olaf Haug have returned after visiting at Barrymore, Stettler and Castor. They may leave soon for Winnipeg.

Mr. and Mrs. Lloyd Stauffer and Mrs. Good visited friends here on Friday.

Word has been received that Mrs. Tom McEae has taken a trip to her native Scotland.

Opening of the big game hunting season found many grass widows in this part of the country as most of the men hit for the west country with their hunting gear. The warm weather and bare ground was not ideal for hunting

but was ideal for leaving the wife at home to do the chores. If game was as plentiful as the hunters they would have no trouble getting their bag limit.

Little Ruthie Andrews entertained a dozen wee guests on November 4th, the occasion being her fourth birthday. The children and their mothers all had an enjoyable time.

FALLEN TIMBER

A delightful evening was held at the school recently, followed by a midnight supper. The raffle draw was held and Mrs. Joe McGaffin won first prize and little Marilyn Stair the second prize. Proceeds of the raffle will be divided evenly between the Red Cross and the Salvation Army.

Mrs. Cooper and family were Calgary visitors recently, and Mrs. Cooper attended the teachers' convention.

Mr. and Mrs. Albert McMullen and children and Mr. Archie McMullen were weekend visitors at the home of Mr. and Mrs. R. McMullen.

Mrs. P. Fair is home from her trip to Washington and Victoria. James Cooper is working for Mr. G. Hone.

Mrs. A. Teynor of Lethbridge was a visitor at the home of Mrs. Bill Moncey.

The regular meeting of the Busy Bees was held at the home of Mrs. W. Roberts with nine members present and two visitors. A report was given on the supper which netted \$15.75, and the raffle brought \$20.00. It was decided to buy a camp stove, kettle and pitcher for making and pouring coffee. A lovely lunch was served by Mrs. Dick and Mrs. Teynor Sr.

A jolly Halloween party was held by the children at the school on Monday afternoon for the mothers.

The regular church service was held on Sunday, November 6, with a very good attendance. Guests at the meeting were the Rev. Smolley and Rev. O. Haug and a number of their congregation. Numbers were sung by Mr. and Mrs. O. Haug, a men's chorus, and a solo by Mrs. Bob McGaffin. The next service will be held at 2:00 p.m. on Sunday, November 13.

A horsepower is the force required to raise 33,000 pounds one foot in one minute.
